

Use finger paint or washable ink pads to make thumbprint Christmas lights!!! Optional: If you don't want to get messy, you could use dot stickers for the lights. Cut out the rectangle and glue it to piece of standard sized construction paper to frame the artwork. Have fun!

# *Merry Christmas*

John 8:12 "Then spake Jesus again unto them, saying, I am the light of the world: he that followeth me shall not walk in darkness, but shall have the light of life."
