Have one child pretend to be Jesus, another to be the woman, and all the other children crowd around Jesus. Let "Jesus" and the "crowd" walk around and have the "woman" try to reach "Jesus." Tell the "crowd" to try to keep the "woman" from touching "Jesus." After the "woman finally touches "Jesus" have the children sit down and ask the "woman if it was easy to touch "Jesus."

This story takes place in the middle of last week's story. While Jesus was trying to go to Jarius' house, there was a large crowd that was all around Jesus. In the midst of that crowd was a woman who had been sick for twelve years. Being sick for twelve years is a long time! If you had been sick for that much time, would you visit all that doctors hoping they could make you better? This woman did, but she could not be healed, until she came to Jesus.

1. Jesus is surrounded by a large crowd. (v. 24)
2. The woman hears about Jesus and reaches out to touch His clothes. (v.27)
3. The woman believes that just by touching His clothes she will be better. (v. 28)
4. Right away, the woman is healed! (v. 29)
5. Jesus notices that someone had touched Him and caused virtue to come out of Him. (v. 30)
6. Jesus asks "Who touched Me?" (v. 31)
7. Jesus sees the woman that touched Him. (v. 32)
8. The woman becomes afraid and tells Jesus about the situation. (v. 33)
9. Jesus tells the woman that her faith has made her better. (v. 34)

Even though this woman had asked many doctors for help and spent a lot of her money in order to get better, neither of them could help her. Only until she came to Jesus and had faith that He could help her was she made well again. After she had touched Jesus and was made whole, she was afraid and told Jesus everything, but Jesus was kind towards her. We too should be kind and help those that are sick.
