

Missionary Mayhem Game

Instructions:

Print 2-4 or more copies of the card pages. Cut and laminate each card. Place the cards in a small bag. Ask the children review questions from the lesson or missionary presentation. If a child answers correctly, he or she may choose a card.

Most of the cards are worth a specified number of points. If the child picks a “Bible” card, he or she will get to pick one additional card. The point value of that card gets doubled!

Emphasize the importance of missionaries trying to get God’s Word to other countries, but often face obstacles. If the child picks a “robber” card, his or her team loses all their points!

Keep track of points throughout the game!

Have fun!
