How to Have A Quiet Time With THE God Of The Universe...

Use your **Bible** to learn more about God. Your counselor will tell you when to work on this. Answer the questions the best that you can. Ask for help if you need it!

Praying is just talking to God!

We usually close our eyes when we pray so we can think about God instead of everything around us. You can talk to God about anything, anywhere, and anytime.

Hide God's Word in your heart! You can do this by **learning the Bible verse and saying it to your camp counselor.**

Sometimes, astronauts get into trouble and help! We also have a problem and need God to rescue us! The problem is something called sin. Sin is anything you do, say, or think that breaks God's law. The first two people God created lived in a sin-free world! God gave them just one rule to obey in Genesis 3. When the devil tricked them, they chose to break that rule, and became sinners. Now, every person since then has a sin nature, or the "want to" to sin.

- D. Those I live with

2. Read Romans 6:23. The punishment (wages) for sin is eternal life. true false

3. Read Isaiah 59:2. What does sin (iniquity) do?

- A. Makes you closer to God
- B. Separates you from God

4. Read 1 John 1:9. This verse is written to those who have already trusted in Jesus. What should we do if we sin?
