

# Save The Bibles!

In some countries, people try to get rid of Bibles and the people who have them. Missionaries try to get the Bible in lands both far and near.

## **Instructions:**

**Note: This is a projector Game. Print the board on a transparency OR play it as a grab bag game** by printing and cutting out the cards and putting them in a small tote bag. If doing the grab bag version, laminate the cards for durability. For the projector version, place the transparency on the projector and cover the pictures with coins.

In this game, you have a very serious task to fulfill! You must save the Bibles! Each time you pick a Bible, you earn 500 points for your team. If you pick a Bible, you may choose whether to keep the points, or take a chance to pick another one. If you pick the fire, you lose any points from that turn.
